

# Oregon Administrator Scholars Program

## Who we are

As Oregon's K-12 student population becomes more ethnically and linguistically diverse, our school administrative and leadership workforce needs to better mirror the demographics of the students in our schools. The Oregon Administrator Scholars Program seeks to address financial barriers that pose challenges for ethnically and linguistically diverse candidates pursuing their administrative license and are on the journey towards becoming a school administrator in Oregon.

“

*Thank you so much for choosing me for this scholarship! These funds will help me to complete my journey to become an administrator in Oregon.*

“

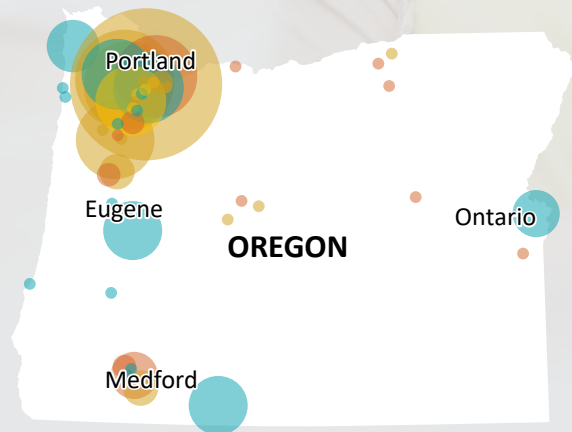

*I got the [OASP] package and opened it in front of my children (two high schoolers and middle schooler). They were surprised and excited about the idea that there really are scholarships for minorities. We talk about them going to college often, but I don't think they fully understood the importance of me saying that we will start looking at scholarship applications for them soon, until they saw how this scholarship has helped me.*

## Scholarship Eligibility

The Oregon Administrator Scholar's Program (OASP) is offering scholarships up to a **maximum of \$10,000** for racially or linguistically diverse administrator candidates accepted and enrolled in an approved administrator program. The scholarships may be used to pay for classes, fees, and related costs.

### OASP Scholars By School Districts

Currently there are over 275 Scholar Recipients employed in over 50 school districts around Oregon
